

# RESOURCES FOR SPORTS PHYSICALS

Many clinics are open evenings and weekends; families should call the clinic for hours of operation. The information below is current as of May 2016. Additional fees may be charged for lab work, shots, etc.

Tetanus shots must be current - received within the past 10 years. The school clinic can give Tetanus shots to students at school with a signed Parent Consent form. Call (703) 228-5390 for more information.

*Remember to bring a copy of the new VHSL physical form with you for the doctor to complete.*
